How we keep the city moving

What residents can expect during a snow event

Before the snow comes

In advance of a storm, City staff monitor weather conditions closely, pre-treat and anti-ice City roads, and communicate to residents that a snow event is expected using various City platforms. At this time, residents are asked to keep their vehicles and parked cars off roadways to make room for snow clearing crews.

While the snow is falling

The City of Brantford is responsible for maintaining and clearing nearly 1,400 lane kilometres of roadways. During a winter event, the City's Operational Services crews plow and salt routes in priority order. Visit Brantford.ca/WinterControl for more information.

After a Snowfall

Once a snow event ends, City crews focus on complete snow removal in the Business Improvement Area (BIA) downtown, as well as clearing sidewalks fronting City-owned properties and bike lanes. Clean-up of snow and ice build-up on major routes continues and once the snow stops falling, the City activates a 24 hour clock whereby service requests to Operational Services are temporarily paused while crews focus on clean-up efforts. Once a snow free 24-hour period transpires, Operational Services staff resume responding to individual concerns and service requests in priority order.
